## RESTAURANT & BAR

### HISTORY

In 1934 the restaurant was inaugurated under the name „Pschorr-Heim“. In the early days, it was only open to visitors of the adjacent model settlement in Ramersdorf, where 192 small houses of 34 various house types were built. A butchery was annexed to provide people with products for their daily needs.

In 1985 the gastronomes of Zoozies, Kruse and Specht took over the restaurant and reopened it under the name ZIC-ZAC implementing a modern gastronomic concept. I joined them in 1990 as a student and took over the management of the restaurant in the following years.

Buying the restaurant enabled me to further develop the gastronomic concept and to set new trends. The restaurant was completely modernised and reopened under the name ZAR.

During the last years I elaborated the restaurant and bar concept, extended the outdoor area and opened the beer garden.

I wish you a pleasant stay in ZAR RESTAURANT & BAR and hope you will enjoy your meal.

## Amo Kahl

Restaurateur & Owner

The ZAR in Munich is well known to the scene. In many ways: as a restaurant, beer garden, cocktail bar, event location. All in one, and yet to experience each of them again. Whoever enters the ZAR will not get past the bar. And will be thrilled by the cocktails. If you want to be satisfied at lunchtime or in the evening, you are sure to find the right thing. The emphasis is not only on „full“, but also on „tasteful“. Between work there is a daily changing lunch, served fast and yet appetizingly served and enjoyed in peace and quiet. In the evening, the chef then shows what he has to offer in terms of down-to-earth and even more exciting and daring creations. That's definitely worth the journey. And the ZAR-Club turns night into day or vice versa - there is always something to celebrate, which is also worth to be part of. Relaxation is called for elsewhere, unless you enjoy the unique atmosphere in the magnificent beer garden in summer. The ZAR is really something special in every respect.
